

PRODUCT DESCRIPTION

Luminoso 5inch to 6inch Rotatable LED Residential Downlight provides advanced dimming parameters with capabilities reaching to as low as 5% and works with most widely available traditional dimmers. It is designed to easily install into existing IC or non-IC Six-inch and some Five-inch housings. The RDL is produced with an adjustable gimbal which allows for angling up to 30°. This allows the product to be ideal for situations where a directional light source is needed.
